

President's Message November 2020

Now bear with me. As I write this column, we hope your family and loved ones are safe, healthy, and looking forward to a semi normal Thanksgiving. It certainly has been a bear of a year! This magnificent photo was captured by Mary Ackerly on November 5th while driving through Mountain Harbour. A big virtual bear hug goes out to Mary for sharing. Seems like this is the bear version of social distancing.

Your POA has been bearing down on the budgets for the upcoming year, as well as welcoming our newest homeowners. **The Board has determined the dues for 2021 year will be: \$ 1600.00.** Real Estate home and lot sales continue to be very strong, and although there will be a slowdown in the coming colder months, we remain bullish not bearish regarding the positive growth and improving health of our community. Due to the mild temperatures and fall foliage, our golf course has remained busy with play and remains in wonderful condition. We would like to welcome Gary & Masi Neff, Herb & Retha Hart, and Nestle & Jayne Grimes to the neighborhood!

Employee Christmas Fund

If it is not too much to bear. Every year during this time, we ask that you please consider our hard-working staff at the golf course with a donation to their Christmas fund. Each year we rely on this help to give out Christmas Bonuses to our cart staff, maintenance workers and pro shop employees.

No amount is too small. We will accept what the market will bear and it will be very much appreciated.

Please make out checks to Mountain Harbour Golf Club-Christmas with the address at 1665 Mountain Harbour Dr., Hayesville, NC 28904. Thank you for your consideration and support.
